

Please do not allow the Consumer Bankers Association (CBA) to weaken the Indiana Telephone Privacy law. These banks want to change the law to allow them to impose the federal "established business relationship" exemption on Indiana consumers.

I do NOT want to receive calls from ANY telemarketers, whether I have a prior business relationship or not.

I happen to work at one of these banks and it embarrasses me that they are attempting to do this.

I do not have a voice to change this attitude within my bank, but feel I must speak out as a consumer.

The no-call list in Indiana has been one of the best changes from government I've seen in years.
